CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

19 SEP 1983

The Honorable Joel E. Bonner, Jr.
Assistant Secretary of the Army
(Installations, Logistics, and
Financial Management)
Washington, D.C. 20310

Dear Mr. Bonner:

This Agency has an urgent need for additional office and special-purpose space to accommodate our requirements until our new building becomes ready for occupancy in 1987/88.

STAT
STAT

We have had preliminary meetings with representatives from DIA and were also given a tour of the building. We believe that this site will adequately meet our interim space needs with minimum renovations. Of particular interest to us are the approximately 20,000 square feet of computer rooms, the secure voice communications grid, the HVAC system, and the physical security attributes of the location. Further, we feel that such a move would be most cost effective for our Agency as well as the government.

Please advise me as soon as possible if you will agree to make this building available to the Central Intelligence Agency. I would appreciate it if you would notify Mr. Daniel C. King, Director of Logistics, so that we may meet with your appropriate personnel to make the necessary arrangements. Thank you for your continuing support to this Agency.
